Luxury in Nightwear is a cotton broadcloth called SuPima®

Specifically designed for the man who demands the finest. Here is the exceptional long wear, incredible softness, sharp crisp colors and solid comfort he wants in nightwear. The secret lies in the amazing SuPima cotton broadcloth—it's stronger, more lustrous and feels more like silk than any of the cottons that are used in ordinary pajamas. The reason is simple—the longer the fiber, the finer the fabric and SuPima is world-famous for its extra-long staple fibers.

Fabric and tailoring worthy of a custom-made Shirt

The fabric—luxurious 2x2 Pima cotton broadcloth—2 strands of yarn twisted together to form one thread—that means long wear, incomparable softness. Machine wash.

Single needle detailing—minute stitching—so neat, so flat that unsightly seams become a thing of the past.

One-piece sleeves carefully cut and shaped to fit your arms—never bind—always fit comfortably.

Contour tailoring tapers shirt for slim, trim look at waist, eliminates wrinkles across chest. Length added to shirttails makes sure they stay tucked in.

Shoulder yoke is curved just as shoulder blades are curved. This takes extra fabric to make, but it pays off in shoulder freedom, comfort, neat looks—there are never any pleats or gathers across shirt back.

Our "Ultra Run-Resistant" Seamless Nylons

Sheer Mesh . . should not run, even in the sheer area, under normal wearing conditions — **$1.19 pair**

Made under the original European patent with a special mesh construction that "locks" each stitch to prevent runs and snags. Both the heel and toe are reinforced for extra wear in the foot. Our laboratory tests prove Sears "Ultra Run-Resistant" nylons far surpass other run-resistant stockings tested in wear and fit.

These beautiful sheer seamless nylons still have the same soft finish as more fragile nylons. Order now to wear with your dressiest holiday fashions . . order several pairs as gifts.

COPPER FROM FLORENCE

Lustrous solid copper . . . hand-crafted in father-to-son tradition in Italy where a sturdy one-piece spout is fitted with pride, where a handle is arched just right, where a kettle is burnished till it rivals the gleam of Italy's own skies.

Timeless styling sets it apart as a conversation piece, whether it earns a decorative spot on a mantel (where its fine lacquering will protect its gleam) or finds a niche in a workaday kitchen, where an easy rub will keep it lustrous. Cool wood grip. Holds 2 quarts.
11 N 13004—Shipping weight 2 pounds 4 ounces $15.00

COPPER FROM HOLLAND

MADE BY AMERICAN CRAFTSMEN

Copper from Holland (1 thru 7, at left), some touched with the beauty of brass. No detail is too small for expert craftsmanship and fine clear lacquer keeps surfaces bright.

Made by American craftsmen—and made to be used. Nos. 8, 9, 10, 13 and 14 are extra heavy copper-plated steel, 11 and 12 are popular anodized copper on aluminum, and Nos. 15 thru 20 are copper bonded—which means inseparably fused—to aluminum Bonding of metals aids the free, uniform flow of heat.

When the ordinary gift isn't enough...

Copper from Europe and Asia,* each with a flair in design and touches in craftsmanship that reveal its homeland. All the cooking pieces from 21 through 30 are heavily lined with tin—even the giant coffee server (25). The striking big chafing dish (31) has a sparkling porcelain liner and black wrought iron stand.

Bright Brass from Italy, too. Shapes are a little fanciful—that's part of the fun in gifts—but they're working pieces: 37 is a bread basket standing on edge; 35 and 36 are gay trivets.

How could your 400° oven harm Ceramic Ovenware that's been fired for 12 hours at a searing 2000°?

Since 1811, Pfaltzgraff Pottery of Pennsylvania has made fine ovenproof ceramic ware. Beginning with smart designs, they blend the best Kentucky and Georgia clays, Carolina feldspar and Virginia flint, knead in some 20th century know-how, and finish by kiln-firing on a lustrous, glass-hard glaze that will highlight your table or buffet. Pieces with warming stands complete with 6-hour candles. Buy pieces as gifts and for yourself.

HERE'S HOW TO GET YOUR SEARS CATALOGS REGULARLY

***Anyone who places two or more orders totaling $15 or more from any Sears Catalogs in a six-month period will get our next General Catalog** (and our Sale Books)*

THIS IS ALL YOU NEED DO

Please be sure that all your orders are placed under the exact same name so that our records will be absolutely correct.

Your friends and neighbors can also qualify for books by ordering from this or other Sears Catalogs.

IMPORTANT ABOUT PRICES

If the price of any item in this catalog is reduced in another current catalog, we will fill your order at the lower price and return every penny of the difference to you. Regardless of which Sears catalog you order from, you always get the benefit of the lowest current catalog prices.

Prices in this catalog apply only to orders placed by mail, telephone, telegraph or at the Catalog Sales Department in a Sears Retail Store, at a Sears Catalog Sales Office, or in one of Sears Affiliated Stores.

Should the Federal, State or Local Governments increase or impose additional taxes after this book goes to press, we reserve the right to add such taxes to the prices shown. On the other hand, if any existing taxes are reduced or terminated while this catalog is in effect, we shall adjust our prices accordingly.

SEARS GUARANTEE

TO SAVE YOU MONEY • TO SATISFY YOU PERFECTLY

We will then exchange it for exactly what you want, or will return your money, including any transportation charges you have paid. SEARS, ROEBUCK AND CO.

When you buy an appliance or mechanical or electrical item, large or small, from Sears you can buy with complete confidence. We will repair or replace any defective part on such merchandise without charge during the guarantee period. If you move to another town, your Sears guarantee is still good. After the expiration of the special guarantee on Sears mechanical equipment or appliances, we will still provide service through our local stores at their prevailing rates.

If you have any questions about our merchandise or service, write to Personal Service Dept., Sears, Roebuck and Co., Chicago 7, Illinois.

C.O.D. MAIL ORDERS

For economy's sake, we urge you to send a money order or a check with your mail order, or to use a Sears Revolving CHARGE ACCOUNT. On parcel post C.O.D. shipments, in addition to the price of the merchandise and parcel post charges, you pay a C.O.D. collection fee which is an extra charge the post office makes for handling C.O.D. shipments. The post office also charges a money order fee for forwarding payment to us.

We do not ship C.O.D. orders: for merchandise that is cut, engraved, printed, or made to special order; for merchandise that is shipped direct from one of our factories; for merchandise to be shipped to foreign countries; for merchandise to anyone other than the person sending us the order; for seeds and perishable goods.

IMPORTANT TAX NOTICE

If you live in any of the places listed below, please add to your order an amount, at the rate shown, to cover the following:

Illinois (Expense due to Retail Occupational Tax, 3½c state tax, ½c city tax) 4%
Iowa (Use Tax) 2%
Kentucky (Use Tax) 3%
Michigan (Use Tax) 4%
Missouri (Use Tax) 2%
Ohio (Use Tax) 3%
Wisconsin (Use Tax) 3%

How to figure parcel post charges

Packages weighing up to 70 pounds and measuring not more than 100 inches in combined length and girth can be sent by parcel post in all parcel post zones, except when mailed at a first class post office and addressed for city delivery to another first class post office.

Parcel post weight limits on packages mailed between first class post offices and addressed for city delivery, are 40 pounds to the Local, 1st and 2nd Zones; and 20 pounds to Zones 3 to 8. The size limit is 72 inches length and girth combined.

Please send enough money for postage as we must pay postage on parcel post packages before we can send your merchandise. *If you send us too much, every cent extra will be promptly returned to you.* You pay only exact postage.

Not a Penny to Pay Until February when you buy these appliances from Sears on credit

It's true! There's never a down payment at Sears—and from now to Christmas you can buy any of the items listed below—and not even make a monthly payment until February:

RANGES	TELEVISIONS	PHONOGRAPHS
WASHERS	REFRIGERATORS	RECORDERS
DRYERS	DISHWASHERS	FREEZERS
IRONERS	SPACE HEATERS	FLOOR POLISHERS
RADIOS	VACUUM CLEANERS	SEWING MACHINES
ORGANS	AIR CONDITIONERS	DEHUMIDIFIERS

This applies to merchandise bought from this book or any other current Sears catalog

If you have an account, your payments will remain the same until February. If your additional purchases require an increase in payments it will not take effect until February. (Deferred monthly payments do not apply to merchandise bought on a Sears Revolving Charge Account.)

IT'S EASY TO BUY FROM SEARS ON CREDIT

It's easy to open an account

Answer the questions on the back of the order blank, have the head of the household sign it and mail to Sears. Or, inquire at your Sears Catalog Sales Office or Retail Store Catalog Sales Department. Be sure your order totals $20 or more.

It's easy to "Add-on" to your account

In many instances, there is no increase in monthly payments when you "add-on" to your open account. "Add-on" orders must total $5 or more. Write on your order "Add to my account". Fill in account number and sign the agreement on the back of the order blank.

Use several accounts at once

You can use several of Sears Easy Terms Accounts at the same time—each one is tailored to fit your particular needs.

Whichever you use, don't forget to open a Sears Revolving CHARGE ACCOUNT for your everyday needs.

Sears Regular Easy Terms may be used for anything you purchase from Sears Catalogs. No money down on any purchases of $20 or more (minimum "Add-on" purchase is $5). You have up to 18 months to pay the balance. See convenient table at the right for monthly payments.

BB-Shootin', spittin' image of the rifle that won the West

Rifle only Cut $1.01 **$10.38** Rifle plus 6-gun Set **$19.99**

Almost smells of saddles and buckskin . . almost echoes the creak of wagon wheels and the war whoop of Indians. You hold history in your hands with this BB gun. Detail for detail, it's a dead ringer for the famous Winchester 94—the rifle that coughed out fury from the rugged log forts, that turned back the waves of raiding redskins, that slammed the rustlers into the prairie dust and brought the brawling, gold-hungry, land-hungry Wild West into the modern U.S.A.

Even has the 94's side loading port and buckhorn rear sight. Full size: 38 in. long. And notice its slim big-rifle-type barrel. You hardly ever see one like this on a BB gun. Holds 40 BB's. Cocks and loads in 1 snap of the lever. Visible hammer with safety notch at half cock. High-impact plastic stock. BB's, oil.

This great model racing set includes 2 cars, 2 control throttles, 18-foot track, grandstand, repair pit

A remarkably low price for a racing set with a large 18-ft. track . . such fine quality cars . . and so many realistic extras. Over-and-under raceway, for example, is full of such challenges as a tricky hump that can upset the cars and a narrow bridge that can cause sidewipes. Both cars have electric headlights for thrilling night races. A grandstand and a quick-repair mechanic's pit add to the realism. One track section even has dual lap-counters to keep automatic tally of the laps traveled by each car.

Cars are motorized replicas of the famed XKE Jaguar and Mercedes Benz . . about 1/32 scale, nearly 6 inches long. Both are fully assembled with nylon gears and operate by remote control. 7.5-watt power pack connects to metal contact plate on the track. UL listed, 110–120-volt, 60-cycle AC.

Set includes 22 plastic track sections: 12 curved and 10 straight; 12 fence sections; 4 trestles; 33 miniature tools, 8 simulated lamp posts; 6 attendants; decals; 2 extra wheels.
